

2021 TC YASA

'GIFT A ROOF' PROJECT

ROTARY CLUB OF LABASA

Introduction

Tropical Cyclone Yasa, a severe category 5 tropical cyclone to hit Fiji was the strongest tropical cyclone in the South Pacific. Vanualevu, the second largest Island in Fiji was in the direct path of TC Yasa. The destruction left behind by TC Yasa was devastating and crippled not only the livestock and vegetation but also destroyed homes and buildings along its path. Houses were completely flattened, roofs blown off and schools destroyed. Infrastructure, roads and bridges were not spared by the treacherous wind and rain and left the people of Vanua Levu without any access to clean drinking water, electricity, shelter and food. Washed out bridges prevented people from accessing essential services such as supermarkets and hospitals.

The Rotary Club of Labasa during its visitation to Cyclone hit areas realised that there was a need to provide people with roofs as soon as possible especially in cases where there were many family members and also taking into consideration children and people with disabilities.

Starting with a Pilot project in Waibunabuna, Bua which helped Mr. Sanjay and his family. The Rotary club of Labasa was then energised by a donation from the Rotary Club of Brisbane International with a donation of \$10,000 AUD seed fund. A lot of groundwork has been put in by the members of the Rotary Club of Labasa.

LET'S HELP SOMEONE GO BACK TO LIVING IN THEIR HOMES...

GIFT A ROOF

COST TO REPAIR AND RESTORE A ROOF DAMAGED BY CYCLONE
YASA IN FIJI IS APPROXIMATELY FJD\$1000

SPONSOR A FAMILY HOME REPAIR
OR CONTRIBUTE TOWARDS A HOME REPAIR.
EVERY DOLLAR DONATED GOES TOWARDS THIS PROJECT

GIFT A ROOF PROJECT - IMMEDIATE SHELTERS

Project 1 - Sanjay (Family of 5)- Waibunabuna, Bua

Sanjay and his family live in Waibunabuna opposite the Waibunabuna Primary School. Sanjay and his wife have 3 children. A daughter in nursing school, a daughter in Form 3 and 24 year old son who suffers from epileptic fits and has to be looked after by his parents. Sanjay is a farmer of poultry and livestock. Upon Rotary Labasa's visit, the damage was assessed as roof damage, loss of livestock and poultry, solar panels and post damage, and water source damage. Rotary Labasa felt that the family was in dire need of food, water and shelter. There had been numerous rations in the house but a roof was important for shelter, security and protection of their rations. The family needed 20 pieces of 40 feet, i.e 400 feet of corrugated iron to get the roof fixed and the family life to some normalcy. The roof was installed in two days and now the family have a shelter.

*Damage by TC YASA

*Supply of Rotary Emergency Response Kit (ERK) to help the family with tarpaulin, mosquito nets, machetes, hammer, nails and other essentials

*a roof for the family to get back to everyday living

Project Status: Completed

Project 2: Prat Kumari (Family of 6), Nararo, Nagigi

Prat Kumari and her family live in Nararo, 7km from the main road at Nagigi, Labasa. Their family was greatly affected by TC Yasa where the house roof was partially blown off and side walls damaged. The family consists of 6 members, out of which 4 are specially challenged. Two (2) of her children; Ravin Raj, 42, separated and is a stroke patient with 2 daughters who both are disabled and Ritesh Raj, separated, with one son aged 12 years.

The two disabled children are Suhani raj, 18, who is unable to speak and Anita Raj, 15, is unable to walk. Prat Kumari receives Social Welfare assistance in the amount of \$130.00 and Suhani and Anita receive \$80 per month for their survival. The 12 year old Rohan Raj is a class 6 student at Nagigi Primary school.

The family were living in the house with a temporary roof made of tarpaulin and old leaking roofing iron. The family of 6 share one bedroom where the daughters sleep on one mattress on the bed and the others sleep on the floor. They had two more rooms with beds but no mattresses and this was addressed to allow everyone to have beds.

Upon visitation by the Rotary Club of Labasa, the plight and hardship of this household was immediately addressed with roofing irons, timber, nails, strapping, mattresses, food, clothing and sanitary pads. A carpenter was immediately engaged and the roof completed in two days. It was touching to see that a family with so little were so content and engaged joyfully with the carpenters to complete their home. This family is a very special case due to the nature of their disabilities and their mental capacity. The Rotary Club of Labasa will be adopting them as a family to better their livelihood. The two daughters are always looking forward to candy. While asking Mrs Prat Kumari for her needs, she requested for sanitary pads as they couldn't afford them and were using pieces of cloth instead. The family is very impoverished and needs further special consideration.

* Provision of mattresses for some much needed and deserved comfort

Project Status: Completed

Project 3: Rup Narayan Singh (Family of 6) at Nagigi, Labasa

Rup Narayan and his family also reside at Nararo, Nagigi. He's an asthmatic patient. He earns on average \$30.00 per week as a labourer on the sugarcane field. Mrs Singh stays home and does poultry and goat farming. They have 4 children who are schooling in tertiary, form 6, form 3 and class 3. The family is dependent on social welfare and receives \$100 cash and \$50 food voucher monthly. Upon our inspection, our team found that the roof was completely blown off. After the devastation by TC Yasa, the family stayed with their generous neighbour for a week due to lack of roof over their head. During these hard times, Mr. Narayan sent his 2 daughters to live with his brother in Savusavu as it was difficult for all family members to sleep in one room.

Project Status: Completed

Project 4: Ratu Inia Boko, (Family of 6), 9459038, Solove, Wailevu

Ratu Boko(49 years old) lives with his wife Litia Nadainivalu (37 years old) in Solove, Wailevu with their children who were greatly affected by TC Yasa. Ratu Boko has four children. Viliame is the eldest (16 years) attending Labasa College with Usaia (13 years old). Junior is 3 years old and Grace is only 7 months old and stays home with their parents. Ratu Boko works as a labourer and his wife does domestic duties. Ratu Boko is the only income earner in the family.

Project Status: Completed

Project 5 Daven Lal, Family of 5, Lajonia, Wailevu

Daven Lal resides in Lajonia, Labasa. When TC Yasa hit with wind speeds of more than 300kmph, it took away the roof of his 45 year old house. He is employed as a Lorry Boy for Ashok Transport earning \$130.00 per week to support his 3 children and wife Rojlin Kumari who is a domestic worker.

The roof of Mr. Lal's house was completely blown away, when Rotary Labasa visited, Mr. Lal had spread out a tarpaulin over his over house where he was taking shelter with his family.

Mr. Lal does not have any formal education but has always strived to send his children to school. His eldest daughter Shaniya Ronika Prasad is a final year student at USP, his second eldest daughter is Sashika Sweta Prasad who would have started FNU last year but has put a hold to her studies due to the impacts of COVID 19 and financial difficulties faced by the family. His youngest child is Adarsh Ayush Lal who is a Form 4 student.

Mr. Lal was in desperate need of roofing iron sheets to put a roof over his families head and the assistance provided by Rotary Labasa and RCBI has greatly taken off the burden from his shoulders. He can now focus on sending his children to school and giving them a future he never had.

Project Status: Completed

Project 6 -Ishwari Prasad, Family of , Vunimako, Seqaqa

Ishwari Prasad (42 years old) lives with his wife Subhashni Devi (41 years old) in Vunimako Seqaqa with four (4) children who were greatly affected by TC Yasa. Shikha Devi (18 years old) has completed her Year 13 studies and is waiting for her result. Ishita Devi (12 years old), Krishali Prasad (9 years old) and Ashtik Prasad (7 years old) are attending Solove Primary School. Ishwari Prasad was employed at Korosun Resort in SavuSavu but due to covid 19, the Resort was badly affected and was left unemployed. Currently, Mr Ishwari Prasad freelance as a Carpenter and his wife does domestic duties. He is the sole bread earner in the family.

Project Status: Completed

Project 7 Laisenia Tuilagi, Family of 10, Vunimako, Seqaga

Laisenia Tulagi's family of 10 were devastated from the adverse effects of TC Yasa. Laisenia Tulagi (58 years), and his wife Selaima Kaveni, 52, live in Vunimako Seaqaqa His older brother Viliame (65 years old) and his 4 children together with three grandchildren all live in the same household. Laisenia Tulagi has 4 children. Isikeli Sakealevu is the eldest aged 29 years and is married to Senimili Sakealevu. He has three children, Eleni Wakai (9 years old) , Arieta (8 years old) and Laisenia Tulagi Jr (6 years old) who are attending Solove Primary School. Livai Tabulala is 25 years old and stays home with his parents. Viliame (14 years old) attending Seaqaqa Central College and Apenisa Tucove (11 years old) attending Solove Primary School. Laisenia Tulagi is a sugarcane farmer and his wife does domestic duties. His elder children, Isikeli Sakealevu and Livai Tabulala, support him in the sugarcane farm.

Project Status: Completed

Project 8 Mere Dirawa, Family of 1, Rokosalase, Navidamu

Mere Dirawa is a 79 year old lady who lives on her own in Rokosalase Village. She relies on the assistance of the fellow villagers to help her in her everyday living. Rotary Labasa assisted Ms. Dirawa

with the roofing irons and other essential items to help rebuild her home and once again provide her with a safe haven.

Project Status: Completed
Project 9 Nakalou Village

House 1 Timoci Matawalu (Family of 12)
House 2 Maramalevu Sereana (Family of 9)
House 3 Tuvere Kabakaba (Family of 9)
House 4 Vereimi Rasaini (Family of 10)
House 5 Ulaisi Matia (Family of 9)
House 6 Sanaila Nayaca (Family of 11)
House 7 Lisala Sakai (Family of 9)
House 8 Solomone Lagolevu (Family of 10)
House 9 Ta Ratu (Family of 6)
House 10 Livai Navudi (Family of 5)
House 11 Ta Semi (1 70 year Old)

Nakalou Village is located serenely in a coastal area, 80km from Labasa with it being 12km from the main road through a dirt track road leading to the village. The request to visit this village was from the President of The Rotary Club of Brisbane International; Miss Sokoveti Niko. The Rotary team after the visit was happy to pay and supply the materials (Corrugated Iron) as the villagers themselves will provide the necessary labour and additional resources (sawn timber) to rebuild. The logistics for provision of materials to this village is tricky and being situated in such a remote location demanded immediate assistance.

*Nakalou Village

Project Status: Completed

Project 10 Tevita Vakacola, Family of 6, Nacula Village, Labasa

Tevita Vakacola (34 years old) and his wife Tilaila (29 years old) live in Nacula Village and were greatly affected by TC Yasa. Tevita Vakacola has 4 daughters. Alanieta Vakanawa (9 years old), Adi Mere Tabua (7 years old), Kalera Vakasivo (5 years old) and Adivasiti Bulou (1 month newborn). Alanieta, Adi Mere and Kalera are not attending school as they do not have school stationaries. Tevita Vakacola initially bought the school stationery 3 weeks but was damaged due to TC Yasa. Tevita is a casual labourer and made redundant before Christmas. Tevita occasionally fishes for survival and is the only sole provider for his family.

Rotary Labasa provided roofing irons and other related material to help rebuild his family home and to provide his family with a shelter.

Project Status: Completed

Project 11: Mrs Jamila Bano, Family of 2, Siberia Labasa

Mrs Jamila Bano is a widow with a special son. She has no support and survives on social welfare assistance, part of the land was given to her by her relatives and social welfare and local committee helped to build a shelter for her a few years back.

Rotary Labasa provided Ms. Bano with roofing irons and other related material to help build her home.

Project Status: Completed

Project 12: Kamlesh, Family of 3, 9474151, Malawai Dreketi

Mr Kamlesh is an elderly man living with his wife and only son who unfortunately had passed away after TC Ana. Mr. Kamlesh works on a rice farm. The income barely supports their living and it is impossible for this family to carry out the repairs, as the damage is massive. Rotary Labasa assisted with roofing irons and other related items to help Mr. Kamlesh rebuilt the family home.

Project Status: Completed

Project 13: Sanjay Vikash, Family of 3,8789824, Malawai Dreketi

Sanjay is a young man, with little education and works as a Labourer at Fiji Rice. He is the sole breadwinner of a family of 3 which consist of his sickly father and special brother. Rotary Labasa assisted with Roofing irons and other essential items to help rebuild his house.

Project Status: Completed

Project 14: Ranjeet Singh, Family of 2, 9614389, Muanidevu Dreketi

Mr Ranjeet is a elderly man, who lives with his wife, barely making ends meet by doing some subsistence farming and some rice farming. He has 1 daughter who is married and she is unable to assist the old couple. Listening to their experience of how they survived the TC Yasa was heart wrenching. As the house was being blown away, they kept moving from room to room for safety. Rotary Labasa visited the couple and provided roofing irons and other essential items to rebuild their home

Project Status: Completed

Project 15: Sumari, Family of 1, 9614389, Malawai Dreketi

Sumari is an elderly widow, who resides by herself as her son has passed away. She relies on her brother, Mr Ranjeet for her day to day living. Rotary Labasa provided the roofing iron to help rebuild Ms. Sumari's house and to provide her shelter.

Project Status: Completed

Project 16: Sigam Bharam, Family of 2, 9543144, Batanikama, Labasa

Mr. Sigam is a sickly elderly man. He lives with his wife and they both depend on the Bayley welfare monthly assistance . Their children are all married and cannot provide support. Rotary Labasa upon visiting the elderly couple provided roofing irons and other essential items to help them rebuild their home and their lives.

Project Status: Completed

Project 17: Sushil Chand, Family of 6 , 9340805, Ranibulu, Cogeloa

Mr Sushil Chand is a small scale cane farmer. He purchased his cane farm using all of his savings. His income from the farm was used to cater for the family of 6 and also to pay for the loans. However, during TC YASA, Mr. Chand's crops were severely damaged. Rotary Labasa upon visitation noted that Mr. Chand was in dire need of assistance to rebuild their house. Rotary Labasa provided roofing irons and other essential items.

Project Status: Completed

Project 18: Kamlesh Chand, Family of 4 , 9531750, Vunimoli, Labasa

Mr Kamlesh Chand, lived a happy life with his family. He experienced a tremendous headache and went to Labasa Hospital for a check-up. He was told that a bone marrow sample was needed for further testing. After the procedure, Mr Kamlesh could no longer walk without assistance due to some misconception of the hospital staff. His spinal cord and nerves were damaged. He relies on welfare assistance for his everyday living and has a special son. Rotary Labasa provided roofing irons and other essentials to help rebuild their shelter and to provide them with a safe haven.

Project Status: Completed

Project 19: Ravneel Ravindra Prasad, Family of , 8748998, Vunicuicui, Labasa

Ravneel is a young labourer, living with his sickly father, wife and a one year old child. His house was completely damaged as a result of TC Yasa. They are currently staying with their neighbours. Rotary Labasa visited the family and provided assistance with roofing irons and other essentials to help rebuild their home.

Project Status: Completed

Project 20 - Meli Buli - Family of 7, Baravi Navakasiga,Bua

Meli Buli (49 years old) and his wife Dilaite R (39 years old) live in Baravi Navakasiga Bua with their five (5) children. They were greatly affected by TC Yasa. Noa T is the eldest (13 years old), Iliesa M (13 years old)

, Semesa (8 years old) all attend Waibunabuna Indian School. Elesi (4 years old) and Junior Meli (2 years old) stay at home. Meli is a small scale dalo farmer and is the sole bread earner in the family.

1500 homes in ruins

By LUKE RAWALAI

MORE than 1500 homes in the Northern Division were destroyed by super storm Yasa, states an initial damage assessment survey conducted by Government.

Commissioner Northern Uraia Rainima said more than 6000 homes were partially damaged during the Category 5 cyclone.

He also said the Northern Division had 80 operational evacuation centres, of which 68 were schools.

Mr Rainima said this was a decrease from the initial 107 centres they had recorded earlier.

"Right now, our focus is the transportation of water and food rations to these affected areas and as of now, we have received 22,000 food ration packs which have been distributed to our evacuation centres," he said.

"We are focusing on the red zone areas which include the whole Bua province, four districts in Macuata and two districts in Cakaudrove, including other areas that had been affected too."

Mr Rainima said yesterday, a team of divers were dispatched by the Water Authority of Fiji to carry out repair works on the damaged Galoa Island water pipe system.

"Our team has successfully covered 50 per cent of the Lekutu area but we are still carting water in the Wainunu area and we have 41 trucks carrying out this task."

"Hopefully, we will finish Lekutu this week but apart from this, we have other teams also working on rehabilitating water systems in the other affected maritime areas."

One of the many houses destroyed by STC Yasa on the island of Kia, Vanua Levu. Picture: JOVESA NAISUA
